

The FCC just shut down a pirate radio station in my home town of Santa Cruz, CA. and I wanted to thank you for doing your job to keep our airwaves in the public interest.

Now Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear example of using the public airwaves for private gain. what ever happened to equal time?

You showed you can police the little guys, now can you please police the big corporations too?

Please enter my comments against the license renewal for Sinclair Broadcasting. Thank you.
